Dear Parents

Last week was another busy week of learning in Rosebank. Sycamore class enjoyed using the story of the little red hen to inspire their learning, and explored seeds, wheat, flour through their sensory activities and baked bread.

In chestnut the children were learning "All about me." They made skeletons from cotton wools buds to see how our bones protect us and give us our shape.

We have also been amazed by the super work sent in by our children that are remote learning at home too. We love seeing their work via tapestry, and are so pleased with the engagement during our online meets.

We would like to remind everyone that we are a nut aware school, and would ask that you refrain from sending any nut products into school as part of your child's packed lunch. This is to ensure that all of our school community with allergies are kept safe at all times.

Also as a reminder, if your child is absent from school for any reason, please make sure to leave a message on the school absence line by calling 01606 74975 for every day of their absence. These messages are accessed by our admin team, who ensure attendance data is kept accurate and up to date daily.

You may have heard that all school staff have now been offered bi-weekly lateral flow tests. We are pleased to have been offered this testing, but our whole school community must continue to stick to the current lockdown rules including not mixing with people outside your household or support bubble to help to keep everybody safe.

Best Wishes

Rosemary
